On November 5, 1968, Special Agents of the Federal Bureau of Investigation (SAs of the FBI) observed that subject began speaking at approximately 12:45 PM at the Lincoln Memorial, Washington, D. C.

OGLESBY stated that the new generation has been forming for a long time, and has now been forced into the streets by society. He said the new generation will take over the streets by violence if necessary.

OGLESBY stated it is no pleasure to be educated "under the wand of the pigs", and that the finest thing this country has produced is kids that understand America.

OGLESBY stated that black racism does not hurt whites, but that white racism hurts the blacks. He said that the Vietnam situation is part of the system, and that the system does not want change.

OGLESBY stated that gatherings such as theirs were a step towards solving the problems of the nation.

As OGLESBY finished his speech, the entire crowd began running toward Constitution Avenue, and then east on Constitution. Some cherry bombs or small firecrackers were thrown. Some of the leaders of the crowd were observed to have chains wrapped around their fists. Police kept most of the demonstrators on the sidewalk, but at about 1:20 PM, a fight developed between the police and demonstrators at 20th Street and Constitution Avenue, Northwest.

Subsequently, altercations broke out between the demonstrators and the police.

Source advised that subject was the featured speaker at an SDS sponsored rally at Gaston Hall, Georgetown University, Washington, D. C. on November 3, 1968. OGLESBY was introduced as a class president of SDS. He stated that the college administration, the police, and the government are not representing or assisting students in the community. OGLESBY stated that the only way students can change the present structure is to obtain their education and then move into positions in the power structure.

The "Diamond Back" a University of Maryland newspaper, carried an article entitled "Stay Within System, Die Politer - Oglesby" on page 2 of the November 5, 1968 edition.

According to the article, OGLESBY stated, "Western man - born in the renaissance, fired in the enlightment and tried in countless revolutions, is now a cog in a consistently refined and effective machine." OGLESBY solution to the situation is, "to build an independent political force that is not beholden to those now in power". He stated, "to operate politically, you have to be somekind of crazy, but you do it because the system drives you crazy".

Democratic National Convention, Chicago, Illinois, August, 1968

On December 3, 1968,

National Golds, Incorporated, 114 East 28th Street,

New York City, advised that he was present in

Chicago, Illinois during the disturbances arising
out of the Democratic National Convention in August,

1968.

August 28, 1968, at Lincoln Park, a group of people took charge of a bullhorn and was heard to state that people should "go into the streets and do your own thing".

Information received from Naval Investigative Service Office (NISO), Chicago, Illinois, on September 6, 1968, indicated a tape recording was made of speeches at the National Mobilization Committee to End the War in Vietnam Mass Rally, Wednesday, August 28, 1968. The information was received to the effect that while efforts were made to tape the entire rally, there was considerable background noise from aircraft flying over the area, and portions of the speakers' addresses were inaudible due to their moving away from the microphone, or shouting so loud, their modulation was extremely poor.

Following his introduction, OGLESBY reportedly made the following comments: (U)

"It's the same here. It's here the way it was in Watts. It's here the way it was in Saigon. It's here the way it was in Bolivia, in Peru, in South Africa. We need revolutions now. There is a fight going on. That fight is not going to be fought out with creampuffs. It's not going to be won by nice words. It's going to be won only through the extent the we decide to fight that fight.

We don't have any alternative. We can't give up here and apologize to the blue bonnets... We do this because we understand that nothing less than a fight can even insure our survival... We cannot survive here except if you fight for your rights."

Three sources who know CARL PRESTON OGLESBY, Jr. by sight, identified the two photographs of the white male with the bill peaked cap, dark jacket and trousers, and wearing sunglasses at the Grant Park Band Shell, Chicago, Illinois, August 28, 1968, as being identical with CARL PRESTON OGLESBY, Jr. who has been a resident of Yellow Springs, Ohio.

Miscellaneous

Source advised that on December 5, 1968, the "Guardian" sponsored a function at the Fillmore East Theater, Second Avenue at Sixth Street, New York City. The title of the affair was "Radical Prospectives: 1969", a "Guardian" benefit.

Source advised that BERNADINE DOHRN, a representative from SDS introduced the speakers which included subject.

Source advised that OGLESBY's general theme was where the movement was going, and his talk was in the manner of a rally or pep-type talk to get the audience's attention.

UNITED STATES COMMITTEE FOR JUSTICE TO LATIN AMERICAN POLITICAL PRISONERS, Also Known As United States Latin American Justice Committee

A source advised on November 18, 1966, that the United States Committee For Justice To Latin American Political Prisoners (USLAJC) was organized as a result of a meeting held during the latter part of 1966. As a result of the initial meeting, the Socialist Workers Party (SWP) initiated a second meeting about the first week in November, 1966. The Committee was formed for the purpose of obtaining clemency for Hugo Blanco, a Peruvian revolutionary freedom fighter. Although most officers of the USLAJC are not SWP members, this is another SWP defense committee.

The source advised the following on July 10, 1968:

The USLAJC is a non-membership organization with no headquarters or formal meetings.

The activities of the USLAJC are controlled by the SWP through work done by SWP members. Richard Garza, SWP National Committee member, is Assistant Executive Secretary of the USLAJC. Hedda Garza, SWP member at New York City, is Editor of the "USLA Reporter", official organ of the Committee.

The StP uses the USLAJC to propagandize on behalf of Latin American Trotskyists. The USLAJC attempts to aid Latin American political prisoners and their families through financial support and to exert influence on Latin American governments for release of the prisoners. Propaganda is spread by the Committee through distribution of literature and speeches by representatives of the USLAJC.

The SWP has been designated pursuant to Executive Order 10450.

THE "GUARLIAN" FOR ERLY KNOWN AS "NATIONAL GUARDIAN" WEEKLY GUARDIAN ASSOCIATES, INCORPORATED

The "Guide to Subversive Organizations and Publications", revised and published as of December 1, 1961, prepared and released by the Committee on Un-American Activities, United States House of Representatives, Washington, D.C., contains the following concerning the "National Guardian":

"1. ... established by the American Labor Party in 1947 as a "progressive" weekly...it has menifested itself from the beginning as a virtual official propaganda arm of Soviet Russia.'"

The February 3, 1968 issue of the "National Guardian" announced that as of the issue of February 10, 1968, the "National Guardian" would henceforth be known as the "Guardian".

The February 10, 1968 issue of the "Guardian" is self-described as an "independent radical newsweekly" and is published by Weekly Guardian Associates, Incorporated. The "Guardian" lists its address as 197 East 4th Street, New York, New York.

The February 12, 1968, issue of the "New York Times" carried an article entitled, "Radical Editors Say Their Job Is In 'Movement'". This article stated that the first issue of the "Guardian" was dedicated by the paper's staff "To those heroic Liberation fighters who last week began a major offensive against American Imperialism in South Vietnam."

This article quoted one of the editors as saying that "Our job is to build a fadical hovement. To quote the Cuban revolutionaries, we are not only to write about it, but also to move along with it--we are movement people acting as journalists."

"The 'Guardian' takes a strong left position, but it is not identified with any organized group because it believes that an American left ideology is still in the making. One of its purposes is to break away from the cliches of the left ideology of the past."

CARL PRESTON OGLESBY, JR.

A source advised on December 16, 1968 that an announcement was made at a meeting of the University of Colorado Chapter of Students for a Democratic Society (SDS) on December 16, 1968 that five SDS members expected to travel to Cuba on or about January 1, 1969, and that one of these SDS members was Carl Oglesby. According to the announcement, Oglesby has an arrangement with Time-Life Publications to the effect that if any of the material written by Oglesby is utilized by these publications, Oglesby will receive approximately fifteen hundred dollars. Oglesby reportedly was willing to use this money for his own expenses and for the expenses of other SDS members who were making this trip.

A second source addised on January 3, 1969 that on December 30, 1968 a member of Newsreel, said that Carl Oglesby is in Cuba for a stay of two weeks and was on an assignment from Life magazine. There is a possibility that Oglesby might stay longer than the middle of January 1969.

The second source further advised that Oglesby currently lives at 1268 Vermont Street, San Francisco, California, and is employed as a writer and as a consultant editor to "Ramparts" magazine.

> "Ramparts" in a letter to subscribers dated May 1, 1968, announced that beginning June 1, 1968, it would be published biweekly at a yearly subscription price of \$15.00. In this letter, "Ramparts" described itself as follows: "...the first national publication to consis-

A characterization of SDS appears on an appendix page.

A third source advised in 1966 that during the period from June 1965 through August 1966, Oglesby was president of the SDS organization which maintained head-quarters in Chicago, Illinois. During that time, Oglesby was in almost constant travel status throughout the United States and abroad, making appearances for SDS.

A fourth confidential source has described Oglesby as an atheist and a socialist and he is completely sincere to his dedication toward the principles of SDS. Oglesby undertook a severe financial sacrifice in resigning regular employment to assume the SDS presidency.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

It is pointed out to the Louisville Division that the Cincinnati file concerning OGLESBY is voluminous and it was not possible to include all of his activities relating to anti-draft and anti-war activities. OGLESBY has also had association with a large number of other militant groups. He traveled almost constantly during the year he was President of SDS, and spoke against the war in Vietnam throughout the United States and foreign countries. Attempt was made in the characterization to depict OGLESBY clearly and unmistakably as an individual who is an active leader of the revolutionary new left movement forces in the United States.

in an article dated June 16, 1965, entitled, "SDS Convention Explores Educational Policies," concludes with the statement that at the close of the plenary session of the National Convention of SDS, held at Kewadin, Michigan, June, 1965, Carl Oglesby was elected to the SDS Presidency. The article describes Oglesby as 30 years of age, a graduate of UM, and noted that in 1961, he was awarded a Major Hopwood Drama Award at UM. The article also notes that Oglesby was the fifth SDS National President in a row to have been a former student of the UM.

The "Ann Arbor News," a daily newspaper published in Ann Arbor, Michigan, under the date June 15, 1965, carried an article entitled, "Three Actions Set In Protest Movement." The article shows in part as follows:

"Carl Oglesby of Ann Arbor, newly elected president of the National Students For Democratic Society, said in Kewadin, near Traverse City, that the society is considering plans -- including possible deliberate violation of U. S. Espionage Laws -- to try to force the government to defend its Vietnam position in court.

"Up to 200 UM students belong to society and Oglesby, 28 year old UM graduate, said that if the society's council approves the plan, it still would have to be voted on by the group's 2,000 members.

"It occured to us that it may be a good idea to put the administration into a trial situation, Oglesby said. One way would be through a deliberate infraction of the 1917 Espionage Act.

"Oglesby said the act forbids the advocacy that a member of the U. S. Armed Forces desert the Army or refuse to do battle for the country.

A sixth confidential source advised on October 20, 1967, that Oglesby, past president of SDS, would be "activist - scholar - In Residence," Antioch College, Yellow Springs, Ohio, for a period of six months. On November 6, 1967, a seventh source made available a position paper prepared by the Committee Against Defense Research (CADR), Antioch College, dated November 1, 1967, captioned, "Antioch and the Department of Defense: The Case For Disassociation." This paper protests the fact that Antioch College has a Defense Department contract and makes the following recommendations:

(A) That the college is in the future, entered into no contracts with the Defense Department.

10)

(B) That the college begin immediately an earnest and open search for ways to terminate the existing contracts as quickly as possible.

According to the article, Lord Bertrand Russell issued a statement through his secretary that, "The world is numbed by the arrogant brutality of the U.S. Government." Russell stated, "The U.S. Government is beginning an enormous new onslaught against the people of Vietnam."

Carl Preston Oglesby, Jr. was interviewed by Special Agents of the Federal Bureau of Investigation (SAs of the FBI) at his residence, Yellow Springs, Ohio, on April 19, 1967, to discuss with him the whereabouts of William Allen Hartzog, for whom a bench warrant had been issued by the U. S. District Court, Cincinnati, Ohio, on March 16, 1967. Oglesby advised that Hartzog had come to his apartment at Yellow Springs, Ohio, shortly before Hartzog was due to appear in court in Cincinnati, Ohio,

the first time, and it was his recollection that his arrival in Yellow Springs would have been about the end of February or first of March, 1967. He remained at the Oglesby apartment until shortly before he was due to appear in court a second time, possibly March 16, 1967. Oglesby said he was being visited at the same time by Carl Davidson, National Vice President of the SDS, and Hartzog and Davidson slept on couches in the apartment during this period. Oglesby related that Hartzog was interested in selling his Chevrolet automobile and did in fact sell it to Carl Davidson or to the SDS for Davidson's use. Oglesby said he withdrew \$200.00 from the Co-Op at Yellow Springs, which he turned over to Hartzog as payment for the car on Davidson's behalf. The next day or so after that, Oglesby received a \$200.00 money order from SDS in Chicago repaying this amount of money. Oglesby stated that he was unaware that Hartzog was leaving, until he had gone, and he has no knowledge of where he went or where he may be located.

In answer to direct questions, Oglesby stated that while he does not know where Hartzog may be, he would not disclose this information even if he knew where Hartzog could be found. He said he did not wish to make life more miserable for Hartzog, who has his "crying sympathy."

Oglesby expressed the opinion that it is entirely possible that Hartzog, as well as others in this situation, might possibly go to Canada; however, he said he knows of no grapevine outlet through which he might hear anything regarding this.

Oglesby also stated that he feels the Vietnam war is an abomination and that the draft is unfair. He said he has personally made a number of speeches in an attempt to build up a political momentum to change it all.

Information received from Naval Investigative Service Office (NISO), Chicago, Illinois, on September 6, 1968, indicated a tape recording was made of speeches at the National Mobilization Committe to End the War in Vietnam mass rally, Wednesday, August 28, 1968, at Chicago, Illinois. Information was received to the effect that following his introduction at this rally, Oglesby reportedly made the following comments:

"It's the same here. It's here the way it was in Watts. It's here the way it was in Saigon. It's here the way it was in Bolivia, in Peru, in South Africa. We need revolutions now. A tenth source advised on June 16, 1968, that Oglesby attended the National Convention of the SDS, which was held at Michigan State University (MSU), East Lansing, Michigan, from June 9 - 15, 1968. Oglesby was one of eight persons elected to the National Interim Committee (NIC).

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam, and to "radically transform" the university community and provide for its complete control by students. Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us". At the June, 1965, SDS National Convention, an anticommunist proviso was removed from the SDS constitution. October 7, 1966, issue of "New Left Notes", the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

HY SU IS A RACIST INSTITUTION

MSU systematically excludes black and minority students. Exceptions are the token "special admissions" programs that force black students to make it on the basis of how well they relate to a white (racist), status-quo oriented curriculum. The result is that 73% of the black students admitted under the "special-program" last fall are flunking out.

MOTIVATION!

The university would have us believe that this is due to some motivational problem with the blame resting on the black students. Are we also to believe that the white students who flocked into Garskof's classes in reaction to an irrelevant curriculum also suffer from motivational problems? There is a motivational problem but the blame does not rest with the students. In fact there would be something wrong with the motivation of students, black and white, if they didn't reject a racist and irrelevant for riculum. The shoe is on the other foot. Black and white difference is that it is much worse for black students and while white students degraded with a lot of racist lies in the form of pseudo-psychological motivational bullshit.

This is only a new twist to a very old game. It used to be that poor people are poor because they are lazy". Only trouble was that if there were all those shiftless poor people the factory wheels would have stopped turning long ago... Was poured into various welfare projects and skirmishes on poverty. Now it's "Poor people are poor because they are improperly motivated," and the slogan is to educate them into upward mobility. This is a cover-up for the fact that poor people are poor because they work long hours for low pay, and have to pay high wages, inflation and rising taxes. Foor people are poor because some resple are rich, not because of trumped-up inadequacies. The black section of the population is hit the hardest.

PACIFICATION

is serving racism. Black people have not shown "inadequate motivation" where it counts, in fighting against their oppression. White MSU students who are sincerely into programs to help pacify the black people are forced to dive are channeled scraps to black people to keep them from revolting. And to maintain the illusion worse.

Pacification programs also have a very real effect on the white students who participate in them. They reinforce racism by fostering a missionary attitude. An attitude which pre supposes, by definition the inferiority (inadequacy) of the natives and the innate superiority of the missionary (the great white father).

"THE FINAL SOLUTION"

CPO-616

MSU plays another role in maintaining a racist system. The MSU Police Administration Department, like police departments everywhere, is pre occupied with keeping the people down with force and trickery when the other programs fail, as they usually do. When conditions get so bad and unbearable that the only recourse is for the people to revolt, the cops move in. Likewise MSU moves out of its ad-

visory role a d lends a helping hand. Like in the 1966 Lansing ghetto uprising, the campus cops moved onto the West side. During the Detroit revellion MSU cops quickly nitched in, even to the extent that the IM field was turned into an emergency helicopter landing pad from which ammunition and advice to the troops in the field

When the MU cops exercise their intelligence gathering and crowd control techniques on students and student demonstrations we should be more than just paranoid or uptight. It is important that we understand that we are in a laboratory, we are the guinea pigs for the cops to sharpen their techniques on that will be used in much more brutal form on our black brothers and sisters in the ghetto.

RACIST LIES

I In all these ways MSU helps to keep black people down, by force and by maintaining the racist lies about the inferiority of black people. By maintaining such lies, the university is able to write off the super exploitation of black people and at the same time avoid the real issue, a system which profits from and breeds racism.

WHO RACISM SERVES

Racism is no accident, it serves real interests. It serves the interests of those who would rather have people of different-races see each other as the enemy. It serves the interests of those who try to cover up a system that oppresses almost everybody and serves the real interests of a few. Setting people and insteach other, oppressing some more than others under the disguise of racism, etc.

UNITE THE STELLCOLE

Demanding that the university stop functioning as a racist institution, by demanding that it open its doors to all the people in other words by demanding that the university serve the people in send of the interests of a small economic elite. We are not only fighting in our own interests for a university which is relevant, positive meaningful, we are exposing the real nature of the university and allying ourselves with the interests of the majority of the people in this society. This is the only way we can win!

We've been talking a lot the past few days about police, nazis, fascism, and repression in general. Dr. Spock's speach, coming right after the firing of Dr. Garskof, gives a focus for this talk.

- No--This is not Nami Cermany Not yet, anyway. We are still able to move around fairly freely and ta k ... ith each other. The time may come when we cannot even talk, but retrassion is very real even row. Speck and the others have been convicted of counselling people not to enter a war that is ruining not only Vietnam, but this country as well. All over this country and around the world, soldiers are deserting and being court mortialled at a higher rate than ever before. Police forces have been strengthened, riot squads are doubled and tripled, and hundreds of radicals, professors, sterare suddenly out of jobs as junior HUAC's spring up. We are building for another 1954 Red Scare, where anti-communism was the focus for quieting dissent. As in "democracy" everywhere, we are offered not democracy, but anti-communism.

Repression is Nixon's lity-through Law and Order. It is unitably systematically destroying any person or force that does not fit the mold that we are

The people who run this country-the ruling class, power elite, whatever they are called -- will attempt to contain us as they have thus far over Garskof. Run us around, talk about prerogatives and channels, and hope we will forget the issue. Even in Germany, repression did not directly affect the majority of the people. Repression falls on those who disagree, who are trying to change the status quo and improve our society. Backers of Garskof To Use Spock Visit

By HELEN CLEGG State Journal Staff Writer

Students backing assistant professor Bertram E. Garskof plan a leaflet appeal to-audience members as they arrived this afternoon at the Michigan State University Auditorium to hear Dr. Benjamin Spock.

Rounding out a second week of efforts, the students are working toward getting Garskof reinstated in the psychology department. Notice of his dismissal was made public last week

Spock, famous baby doctor and controversial critic of the Vietnam War, and Garskof are friends and will renewactual and according to the former is on campus under the auspices of the Great Issues Series of the Associated Students of MSU. He was to speak at 4:15 p.m.

Garskof and Spock became acquainted while both were working for the New Politics Movement before the last presidential election. Two main policies of the party, Garskof said this moring were to change American foriegn pol-

icty to stop the war in Vietnam and to help the black movement.

Both men have stayed at each other's homes, on various occasions, during their work with the party.

Spock is currenting appealing a two-year prison sentence and a \$5,000 fine after his trial and conviction for conspiring to aid and council on the draft. The baby doctor also was accused of co-sponsoring a manifesto entitled: "A Call to Resist Ille-

gitimate Authority," and of advising young men to burn draft cards.

b7C

Dr. Spock also was slated to speak at 7 tonight in the YWCA auditorium on youth and dissent under the sponsorhip of the Michigan Clergy and Laymen Concern About Vietnam.

Garskof's student and nonstudent supporter—in the latest of a chain of meetings—met Thursday night in the Union building.

Their numbers fluctuated abut, at its peak, the young people numbered about 150. Action they decided on included:

—Telling the 700 high school scholars arriving on campus today (to compete for the ten \$8,600 Alumni Distinguished Scholarships) that "we want you to come to MSU to join the movement, but don't believe everything you hear a bout MSU."

MORE SUPPORT

—Holding meetings in all the residence hall complexes Sunday to drum up more support for the Garskof movement.

-Staging another "sit in" at the new administration building Monday until closing hours, as they did last Monday. While there, they will solicit help.

—To picket outside Fairchild
Theater Monday evening while
President John A. Hannah is
giving his annual "State of the
University" address and the 10
Distinguished Faculty Awards
are given out.

(For a while some discussed disrupting Hannah's speech until one of them said: "Man, that's our bag, free speech! We have to give Hannah a chance, too.")

Set up in the Union building alcove was a booth of the Students for a Democratic Society (SDS). They passed out buttons and leaflets while the meeting was in progress

meeting was in progress.

Students backing Garskof have been concentrating efforts in the residence halls to get greater support among their fellow students. One tactic used in at east two of the halls involved placing a large number of tables together during the meal hours with supporters sitting at them. When other, curious students inquire about the tables, Garskof supporters tell them of the cause.

Faculty, staff form NUC, back Garskof

Twenty faculty and staff members, and graduate students met Friday to draw up organizational plans for an MSU chapter of New University Conference (NUC).

MSU's new chapter, which is primarily made up of faculty members, grew out of faculty concern in the case of Bertram Garskof, asst. professor of psychology, whose two-year, non-tenure contract was terminated by the dean of the College of Social Science.

As an immediate step, the group voted support for Garskof and called for his retention by the University. The group also expressed its appreciation of the role students have played in keeping the Garskof issue before the public.

MSU's chapter of NUC will offer its membership to students and other groups who wish a faculty-staff view of the Garskof situation. Interested persons should contact Dhirendra Sharma, associate professor of philosophy, Clark Akatiff, asst. professor or geography, or Gunter Pfaff of the Instructional Media Center.

In a broader perspective, the group discussed the relationship of the University to the relevant needs of non-conforming students, the poor, ethnic minorities and non-conforming faculty members.

The concensus at the NUC meeting was that in all cases the attitude of the University was either negative or neutral to these groups.

The purpose of NUC, a national organization, is "to change Universities into institutions where scholars and students can be free of the fear that their work and their lives serve the machinery of violence and oppression."

Movement plans picket at Hannah talk tonight

By MARYANNE GEORGE State News Staff Writer

The Movement, an organization which grew out of the opposition to the firing of Bertram Garskof, will picket President Hannah's State of the University speech tonight.

"We feel that the state of the University is corrupt and untenable, and invite all students, faculty and members of the community to join with us . . . to speak to the true State of the University and confer our own teacher of the year award," members of the steering committee for the Movement said.

The Movement decided at their rally in the Union Thursday to picket Hannah's speech scheduled for Fairchild auditorium.

But in the interests of fair speech, they said would not try to interrupt the address.

A member of the group emphasized that the demonstration would be militant but not antagonistic so that the police would have no cause for action.

Certain members of the group hope to be admitted to the speech to request a

question and answer period after the address.

The group also voted down adding a demand asking for the resignation of President Hannah if heyaccepts the dictatorship of AID and that MSU dissassociate itself with all AID programs.

The second demand for open admissions of Third World students to the University was felt to include—this demand in that neither a closed University nor an association with the AID program is felt—to serve the interest of the people.

"The AID program does not help a country to become economically sufficient but forces it to depend on the United States," one of the students said. "This is imperialism not development."

Because the Ad Hoc' committee's interest have expanded to include other issues than the Garskof controversy they decided to be known as The Movement.

They also discussed the issue of Garskof. "Its not that we have forgotten Bert by any means," one of them said.

Garskof protest action tonight

(continued from page one)

"But since he has been fired he has provided a catalyst for investigating some of the other aspects of MSU such as its participation in AID."

The Movement's activities have two phases, residence hall meetings and mass rallies designed to show the size and strength of the group.

They also planned to distribute leaflets to the high school students attending the Alumni Distinguished Scholarship program. This, they said, would inform the students about some of the other acitivities of MSU and about

. the Movement.

They approved an agenda for next week that includes a rally at the Administration building at 2 p.m. today as well as the picketing of the Hannah address.

The group agreed that the importance of this week was in its organizational value.

"Perhaps the best thing to come out of this week is that people are getting to know each other and are beginning to work wo- and are beginning to work together," one of the steering committee members said.

Some of the off-campus living units have invited speakers to

talk on the issues.

"The important thing to realize is that the Movement is growing," one of them said. "Students are expressing an interest and the size of the meetings is growing."

Hannah is scheduled to give his "State of the University" address at 8:00 p.m., February 10, 1969, at MSU Fairchild Theater, and SDS is planning to picket and disrupt this address.

Other SDS members plan to gain admittance through a side entrance and go on stage to disrupt Hannah's address. Oglesby will be invited by SDS to participate in the picketing of Hannah's address.

DE T-3 advised on February 10, 1969, that approximately 200 demonstrators appeared at MSU Fairchild Theater shortly before 8:00 p.m. on February 10, 1969, to picket President Hannah's "State of the University" address.

The demonstrators listened to speeches by Carl Oglesby; Scott Braley, representing MSU - SDS; Bill Ayers, representing SDS at the U of M, Ann Arbor, Michigan; and Bertram E. Garskof.

Demonstrators attempted to gain entry into the theater, but were restrained by uniformed police. The demonstrators then pounded on the doors, broke some outdoor lights, several windows in the Fairchild Theater, and then sat in the road to block traffic. Two demonstrators were arrested.

WHO DOES RACISM SERVE

What does racism mean?

Racism does not just mean the attitudes and myths of racial inferiority, the racist attitudes so often bemoaned by pious liberals. It means the tremendous suffering, the complete physical degradation of millions of Americans who are herded into ghettoes, paid inhuman wages when they can get a job at all, forced to live in dirty overcrowded rat traps. It means prostitution, selling your body to eat; it means drug addiction, poisoning yourself with junk to escape momentarily from a hopeless existence. It means being forced to pay for wars fought to protect the interests of the very people who are oppressing you and being forced to die in Vietnam fighting people like you who are trying to end conditions of exploitation and oppression in their country. It means systematic exclusion from educational institutions such as MSU which you have paid for, but cannot enter.

b6

Where does racism come from?

Racism has a historical basis in America derived from the necessity to justify the forcible seizure and enslavement of African people. The ideology of racism was used not only to justify slavery, but to justify the continued exploitation of black people in the generations after the Civil War, an exploitation which continues today. However, the continuation of racism today cannot be explained merely on the basis of historical forces. If this were true why have the thousands of sociological studies, the dominant liberal rhetoric, the singere efforts of thousands of reformers had so little effect? Why are more black children attending segregated schools today than in 1954, why are the real wages of black people lower today than 10 years ago? 1

Racism today has a material basis in the exploitation of black people just as racism had a basis in their enslavement. The experiministation of black people today means an extra \$22 billion annually in surplus profits from the wage differential between blacks and whites. Moreover the position of black people as a vast surplus labor people (with lower wages and high unemployment rates) forces down the wage level of everybody, thus providing additional source of profits. The high rents and high food prices, the prostitution and drug rackets in the ghettoes are an additional source of tremendous profits.

Attacks on racist myths and prejudices not only fail to deal with the real physical problems of black people, but are bound to fail as long as racism has a powerful basis within the economic system. Such attacks lead only to paternalistic and selfrighteous attitudes, to the feelings that you are superior because you're not a racist. As long as black people are exploited and forced into a position of inferior status, racist myths of inferiority will continue to have cradibility.

Hamilton and Carmichael - Black Power

CPO-629

Who profits from racism?

Obviously most people in America have little to gain from racism. White workers may make minor gains such as preference in hiring, seniority, etc, but the effect of racism in keeping their wages down, its use to break strikes, weaken unions, and prevent working class unity in the long run far outweighs any advantages. Who then does benefit from racism? Who gets the \$22 billion in surplus profits made from the superexploitation of blacks? Who profits from the ghetto? In whose interest is the war in Vietnam being fought?

Michigan State University (MSU)
East Lansing, Michigan

CONFINTIAL

The same people profit from racism that profit from the labor of white workers, that control the educational institutions, the press, the political parties. They are the 0.2% of the population who own over 20% of the total national wealth and 65% of all publicly held stock. They are the corporation presidents, the newspaper publishers, the political bosses, the university trustees. Example: David Rockefeller--President Chase Manhatten Bank (assets \$12.8 billion), trustee Columbia University, director Rockefeller Foundation. Example Arthur Sulzberger-publisher New York Times, trustee Columbia U. Example Henry Ford II- Trustee Ford Foundation, director Ford Motor Company, director General Electric, director General Fowds, director Philco. Example John Hannah--director Michigan Bell Telephone, director American Bank and Trust, President Michigan State University, director ATD, chairman U.S. Civil Rights Sommission.

Racism serves these people. It serves them directly because of its tremendous profitability. It serves them indirectly as a powerful devisive force, a means of providing scapegoats a way to keep the people fighting each other, rather than them.

How can racism be fought?

The only way that we can effectively fight racism is to attack the sources, the basis of racism within the system. This means we must support ghetto uprisings, support strikes aimed at better wages for both blacks and whites, support demands for community control of schools so that ghetto children can learn something relevant rather than racist lies. This means that as students at this university we must force the university to begin to serve the needs of the people, all of the people, the people who pay most of the taxes to support the university. We must force the university to alter the curriculum to teach action and change and movement. We must support people like Carskof who try to do that. And we must force the university to open its doors to people who don't come from privileged backgrounds, who haven't gone to the best schools the people who was the best schools the people who are the best schools the people who are the backgrounds, who haven't gone to the best schools the people who are the backgrounds, who haven't return.

300 tount State of U; two arrested fighting

By CHRIS MEAD State News Staff Writer

The "educational elite" were inside Fairchild Theater Monday night - "the people" were outside.

The convocation audience was informed that a "mean crowd" had gathered at the east entrance and was urged to use the west entrance and told that a reception planned for Kresge Art Center was cancelled.

It was reported that students had broken all the lights between Fairchild east entrance and Kresge.

Dale Hathaway, chairman of the faculty steering committee and master of ceremonies, said that the steering committee would present a statement to the Academic Council today which condemns "absolutely and without question violence as a means of achieving any ends in the academic community."

...While President Hannah delivered his State of the University address -- probably his last -- 250 to 300 people from The Movement gathered to hold a counter-State of the University rally.

A small but vocal number of "jocks" (or counter-counter demonstrators) taunted the marching, chanting students and started a fight on the steps of Fairchild. Riot-helmeted University police, who were stationed inside the building came out to break it up, arresting two people.

Chanting slogans and breaking into and occasional chorus of "Solidarity Forever," the students were protesting President Hannah's forthcoming position with the Agency for International Development (AID) in particular and the University's tendency toward "racism and repression" in general.

Rick Manzack of The Movement delivered a brief counter-State of the University address which charged Hannah and MSU with oppressing poor people around the world through its projects in Vietnam, Thailand, Nigeria and Guatemala

"Students are fed lies and taught to fit, into this structure," Manzack said.

He said students are "outraged at the monstrous barbarity of the Vietnam war" which the University implicitly supports.

"We have seen how they (the people in the theater) serve the people by keeping_them_down when ever they can," he said.

Two counter-faculty awards were also made by the students The first went to Social Science College Dean Clarence L. Winder - "the man who has taught us most about the nature of this University."

The best teacher award was given to the guy who originally started the whole thing off, Bertram Garskof, asst. professor of psychology.

STUDENTS FOR A DEMOCRATIC SOCIETY

2

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the-draft, -promoting-a campaign-for youth to-develop-a conscientious objector status, denouncing United States intervention in the war in Vietnam, and to "radically transform" the university community, and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, -California, on May 14, 1965, described the SDS as a part of -the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. October 7, 1966, issue of "New Left Notes", the officialpublication of SDS, an SDS spokesman-stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison-Street, Chicago, -Illinois.

Re: CARL PRESTON OGLESBY, JR.

It is noted that by its letter to the Bureau dated 1/22/69, WFO reported that the passport file on OGLESBY contained two requests from "Life" magazine that OGLESBY'S passport be validated for travel to Cuba to observe the Tenth Anniversary of the Cuban Revolution. Such validation was denied by the State Department.

Nevertheless, OGLESBY did made the trip to Cuba. This can be substantiated by his own article appearing in "Life" magazine and appears susceptible of additional proof through interviews which could be conducted with representatives of "Life" who have been previously contacted by pretext in New York. It is further noted that "The Militant" in its issue dated 1/24/69 carried an article by PAUL MC KNIGHT datelined Havana, Cuba, which stated that CARL OGLESBY was in Havana, Cuba, at the time this article was written.

The Bureau is requested to advise whether or not it is possible for the State Department or other department of the Government to take any action against OGLESBY for his unauthorized trip to Cuba between 12/26/68 and 1/15/69.

COINTELPRO - NEW LEFT

Reurlet 2/14/69.

The Bureau appreciates the suggestions by your office set forth in referenced letter concerning possible counter-intelligence tactics against Carl Oglesby in view of an article prepared by him in the 2/14/69 issue of "Life" magazine concerning a recent trip by him to Cuba.

In respect to your question whether it is possible for the Department of State or any other Government agency to take action against Oglesby for his unauthorized trip to Cuba between 12/26/68 and 1/15/69, it is noted that the Department of State is cognizant of this trip. Therefore, any action taken in respect to this trip would be under the primary jurisdiction of the Department of State.

Regarding your other suggestion that a stockholder in the Columbia Broadcasting System (CBS) might direct a letter to CBS concerning the support by Columbia records, a subsidiary of CBS, for underground media newspapers and New Left propaganda programs, the Bureau does not feel that this proposed endeavor would be beneficial at this time. "Life magazine has and is currently carrying articles and photographs by individuals who appear to support certain phases of the New Left. This magazine in its efforts to maintain a high volume of sales is willing to present any controversial matter, sometimes in a favorable light, and therefore would not probably react in a convincing manner to any letter along the lines proposed by your office.

Any further suggestions by your office under this program will receive close attention at the Bureau and you should continue to submit same no matter how unusual or difficult the proposal may be.

DE T-1, who has furnished reliable information in the past, advised on February 11, 1969 that at a rally staged at 2:00 p.m. on the same date at Michigan State University (MSU) Administration Building, approximately 200 persons were present. At the height of the demonstration, a number of white athletes from the University appeared with their knuckles wrapped in tape and were apparently intent upon physically removing the demonstrators from the building. Upon the initial appearance of the white athletes, Lamar Thomas, a spokesman for the Black Students' Alliance (BSA), and himself an athlete, announced to the group that the BSA would lend its physical support to the demonstrators. A possible confrontation was avoided by the intervention of and the white

athletes left the area.

At 3:45 p.m. on the same date, the number of demonstrators had thinned to 40 or 50, and were discussing whether or not to remain in the building beyond the 5:30 p.m. closing.

During the rally, further strategy meetings were called for the evenings of February 11, 1969 and February 12, 1969, and it was decided to canvass the various dormitories on the evening of February 11 in an effort to raise a bail bond fund for what were felt to be imminent arrests in the near future.

The demonstrators left the building at the 5:30 p.m. closing and no incidents occurred.

Hannah, delivering his annual "State of the University" message, told about 700 faculty and staff members in Fairchild Theater that he will leave to become full-time director of the agency for International Development as soon as the U.S. Senate confirms his nomination.

His talk was completed without disturbance, although between 400 and 500 students and non-students demonstrated Around the theater, lighting a ponfire on the lawn. A recepion after the speech was held, in the stage instead of in Kresge Art Center, as originally planned.

CITES CONFLICT

"I had thought that my departure might be phased over period of time, but the fact that Michigan State University has continuing contracts with AID makes that inadvisable," he said.

Shortly after the Senate confirms his nomination as AID director, expected by the end of this month, and "if the lights of the university's Board of Trustees grants" his growth and improvement and request, Hannah said he would become the President Emeri-

choice of his successor be exbedited and said he believes the trustees "intend to rely heavily upon the advice and counsel of the faculty in the selection ... and that they intend also to consult with students, with alumni, and with others."

Hannah said he hoped the new president could assume his rew responsibilities no-later than July.

PRESIDENT-28 YEARS

One of the longest term university president in the country, Hannah has steered the enormous growth of MSU over the past 28 years.

During his hard hitting speech (Hannah received a standing ovation both before and after his talk) the MSU president touched on the highhis hopes for its future.

Adding that there have been open warnings of the weapons to be used and tactics to be employed, he said the country's opponents are willing to sacrifice truth, honor, integrity ? front. and fairness and that decisions reached through reason with deliberation and discussions

"must be discarded as obsolete. Henceforth decisions are to be reached through force and by ultimatum.

PURPOSE CLEAR

"The very impracticability of many of the demands explains their true purpose-not the improvement of our society, but confusion, disruption, destruction, and chaos.

"The real objective of this

assault is disorder and the elimination or weakening of the discipline and order that all organized societies have found to be essential for survival. Destroy this order and discipline, and in the resulting chaos society loses its capacity to improve itself.'

He urged his listenersmany of them faculty members-to hold the line established on campus. He said that though there is full freedom to examine, to listen, to speak, to dissent, to picket, that there should be no interference with the rights of all others to carry on their work.

*A small number, Hannah roted, is working with a preconceived purpose to advocate and practice the destruction of objectivity.

NOTES PROGRESS

Fouching on the highlights inthe past decade at MSU, Dr. Hannah pointed out that 56 new buildings or major additions have been built on campus at a cost of \$184,628,500, that faculty salaries have doubled, that seven new colleges and 13 new academic departments have come into existeñce.

rie praised the goodness of all but a very small percentage of university students and said that the thousands of them doing volunteer work of various kinds in the community got very few pictures and headlines in the newspapers.

As he concluded, the MSU president said it was necessary for him to be personal to ex-

plain his future plans and added that "had I my life to live over again, I would be delighted to do it in the same !wav.

"There are few other university presidents anywhere who have the opportunity to be so proud as I am, and for that I am most grateful to all of; the members of the entire university family-our faculty, ourstaff, and our students."

Scuffle Leads

to Arrest of 2

By HELEN CLEGG State Journal Staff Writer

A crowd of between 400 and 100 picketing, protesting MSU'students and non-students out, side Fairchild Theater Monday night marred a reception for the Distinguished Faculty Award winners, who were honored during the annual faculty convocation.

President John A. Hannah also delivered his last annual "State of the University" adcress.

As the near 700 faculty members, their families and well-wishers arrived at Farichild

Related Story on Page 1

before 8 p.m. Monday, they were met with what, at first, was a crowd of about 100 students parading on the small outside plaza, carrying posters and chanting slogans.

An estimated 300 to 400 students and non-students were gathered close around the pickets to watch.

Their protest was against the recent firing of assistant psychology professor, Dr. Bertram E. Garskof.

* * *

Before the evening was over two students were arrested during fisticuffs and rocks were thrown at the Fairchild windows; a few panes were broken. A bonfire was built on the lawn outside. Arrested were Robert H. Sheldon, 504 S. Case Hall, Birmingham freshman and Jeff Roby, 204 Abbot Hall, Warren, Ohio, sophomore, on charges of being disorderly persons.

Both were released a short time later on \$100 bond. The, ingham County prosecutor's office was to be contacted today for complaints and warrants.

Eventually scores of campus, Lansing, and East Langers, Lansing, and East Langers policemen stood watch in both the Fairchild and Auditorium hallways. Their only contact with students came when they arrested the two students when the pair chased a third man inside the building doors.

Meanwhile, outside Rick Manzack—a non-student, purportedly of The Movement (to delivered what he called a retinstate "Bert" Garskoff—"counter-address," a t tacked the "racism and repression" of MSU, scored Hannah's appointment as director of the Agency for International Development, said that the student riot at Columbia University "attacked imperialism" and "at present we have the struggle going on at San Fran-

cisco State."

Manzack presented counterfaculty awards to Dr. Clarence
L. Winder, dean of the College
of Social Science (who fired
Garskof) as "the man who
taught us the most about the
nature of this university" and
another award to Prof. Garskof as "best teacher of the
year." This announcement was
greeted with prolonged thudding of gloved-hands clapping.

Garskof himself also addressed the crowd saying:
"We should stick to it — build the movement in our dorms and by broadening knowledge."

Carl Oglesby, from Chicago, reportedly a member of the national interim committee of the Students for a Democratic Society (SDS), also spoke to the crowd over the portable bull-horn. He said that those who talk about changing society?

can be offensive from time to

A group of students, some of the m MSU athletes, meanwhile, heckled Oglesby, holding up a sign reading "We Love Mayor Daley." After an exchange of sharp words with the protesters, four to six of the protest group began fighting with Scott Emlong, housefather at the Sigma Alpha Epsilon fraternity, and a graduate student.

Police inside the theater doors helped Emlong and a women bystander caught in the melee into the building.

Before the convocation was over, a group of 60 to 70 students and non-students had taken over Kresge Art Center (where the reception had been scheduled for the faculty awardees.) Another group, estimated at over 100, also went over to Olds Ha1 — which is

the location of the Police Alministration Department and also of the Psychology Department (by whom Garskof was hired.)

Campus police said that Kresge was cleared voluntarily without incident and that Olds Hall was cleared by 11:30 p.m. also without incident.

Students were planning another rally at the new administration building this afternoon at 2.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS) ... asit is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth-to-develop-a conscientious objector status, denouncing-United States intervention in the war in Vietnam, and to "radically transform" the university community, and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965; SDS National Convention, an anti-communist provise was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes", the official publication of SDS, an SDS spokesman stated that there are some-communists in SDS and they are welcome. The nationalheadquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West-Madison-Street, Chicago ----Illinois.
